September 11, 2025, as presented. Motion passed.

**Reports:**

DEQ did their Landfill inspection on August 18, 2025- Landfill Supervisor Jeff Evans reported  
we were written up for having used oil on site but (Safety Kleen was already scheduled to come pick up  
used oil on 08-20-2025). Paint cans with liquid paint inside them on site, the fire lane had windblown  
litter, old vertical pit needs more dirt to cover it.  
Mr. Evans stated all employees have been working on the litter collection and they are taking pictures  
for documentation.

We had to replace the storm door on the main office; it broke off the hinges. Employees replaced the  
door.

We used Safety Kleen to pick up all the used oil at the Bairoil Transfer Site and then they went to our  
Landfill on August 20, 2025. Records are being kept at both places.

On August 27, 2025, we had vandalism done to Zanes' work truck. The back door window on the  
driver's side had been broken. A police report was filed, and our insurance company was notified. The  
cost to replace the window was \$413.66. We have a \$500.00 deductible, so we paid the bill.

The Scales at Landfill are not working again- Landfill Supervisor Jeff Evans stated he talked with Meldrum today, they were trying to walk Jeff through a possible issue fix, nothing worked. Meldrum will be out next week to repair the scales. Each time the scales break down it's a different issue.

**Old Business:**

Swap out packers. A motion was made by Butch McFall and seconded by Dean Martin to table this discussion until Sue hears back from Peterbilt. Motion passed.

**New Business:**
